|  | units | <b>Lot 1 - Book Sanitizer</b><br><b>- Country of Origin: Malaysia</b><br>a. Libraries aim to circulate their collections to as many readers as possible. Due to the nature of library lending, books are exposed to a variety of environments and odors over their lifetime. To ensure people are not exposed to unwanted germs or odors, users can sterilize their books before borrowing them from the library.<br>b. Sterilization rate over 99.9%: With a heightened focus on germs spread, library users can rest assured that the book sterilizer kills 99.99% of known germs.<br>c. Disinfect up to 12 books at once in a compact space: With a 12-book capacity, users can clean their books simultaneously, creating more convenience and saving time.<br>d. Safely sterilize books in less than a minute: Combining UV-C and Ozone (O3), fans circulate to disinfect book covers and inner pages safely. This process removes any smoke, pet, or food odors without damaging the paper or ink. In as little as 45 seconds, your borrowers can feel confident they are borrowing items free of germs and unwelcomed odors.<br>e. Easy to operate and monitor: Users add their books to the interior hanging racks, close the door, and can watch the cleaning process in action. An LCD display will indicate when the sterilization is complete. | 2        | 480,000.00 | 960,000.00 |

|   | set  | <b>Lot 2 - RFID Library Solutions</b><br>RFID Gate Baseplate: 1 Aisle<br>- Security Gate (W550 Transparent)<br>- Country of Origin: Malaysia<br>• With a modern and attractive clear panel design, the RFID gate™ not only offers superior detection but perfectly integrates with any library environment. The RFID gate reduces accidental or deliberate removal of library items by detecting RFID tags in any orientation. Upon detection, a configurable alert provides an immediate audible and/or visual warning.<br>• The RFID Gate Baseplate shall have the following features:<br>o Outstanding performance to protect your collection Provides breakthrough performance in read range and speed. Non-deactivated RFID tags are instantaneously detected regardless of orientation.<br>o Analyze library traffic patterns with visible library user counter. Each gate has an integrated bi-directional people counter that helps staff easily view and analyze both inbound and outbound library traffic patterns.<br>o Remotely configure and pull management reports. For in-depth statistics, configurations, and central management options, staff can access library connect remotely, as long as they have access to the library network. This allows staff to remotely upgrade firmware, run monthly reports and change the alarm colors and patterns.<br>o Choose an alarm color and alarm that fits your library. Immediate and obvious warning signal immerses the entire gate, drawing staff attention quickly. With 7 colors to choose from combined with an adjustable audible alarm, libraries can choose the perfect alarm for their environments.<br>o Save energy during off-peak times. Designed with energy saving features in mind, the power save mode only activates RFID detection when people are approaching. This "green" feature saves the library energy costs during off-peak times.<br>o Simple set-up and maintenance. We've designed our gates for simple set-up and maintenance so our trained technicians can cause little disruption to your library. This also allows your staff to quickly troubleshoot any concerns with our dedicated phone support teams. | 1        | 780,000.00 | 780,000.00 |
